INDEX OF AUTHORS AND SUBJECTS.

VOL. XLVIII.

Abducens Nerve, Variation in Distribution of the, in Man, (T. B. Magath) 67
Accidents, Injuries, and Parasites, 201, 413
Accommodation, Paresis of, (J. Wolff) 369
ALLING, A. N., Fat Transplantation into Tenon's Capsule after enucleation, 263
ANDREWS, JOSEPH A., Simple Electrical Device for Illuminating the Field of Operation in Operations on Eye, Nose, and Throat, 65
Angioid Streaks, (E. Brewerton) 378
Angioneurotic Œdema, (G. H. Bell) 522
Aniridia, Traumatic, Following Magnet Extraction, (H. H. Tyson) 283
Anterior Chamber, Eyelash in the, (E. M. Blake) 526
Antidiphtheritic Serum in Severe Ocular Infections with Special Reference to Hypopyon Keratitis, (Ben Witt Key) 581
Anti-Typhoid Vaccine, Keratitis Profunda Following Inoculation with, (G. H. Bell) 273, 368
Argyrosis of Conjunctiva and Cornea, (J. E. Weeks) 527
Artificial Eyes in Operations Substituted for Enucleation, (P. Gougelmann) 268
Aviators, Further Experience in the Ocular Functions of, (W. H. Wilmer) 439
Aviators, Visual Requirements of, Discussion on, 519

BELL, GEORGE HUSTON, Keratitis Profunda in both Eyes, Following Inoculation with Anti-Typhoid Vaccine, 273
BELL, GEORGE, and TOUSEY, SINCLAIR, Non-Operable Tumor of the Orbit and Brow Treated Successfully with Radium. Report of a Case, with Remarks, 531
Blood Pressure in Retinal Arteries, (Baillart) 181
Book Reviews, 203, 632
BUTLER, T. HARRISON, Acute Retrobulbar Neuritis in a Baby, 240; Plastic Surgery of the Eyelids after War Injuries, 103

CALHOUN, F. PHINIZY, Ocular Complications Due to Typhoid Inoculations, 553
Cataract, Cholesterine Crystals in Hypermature, (J. E. Weeks) 527; Glaucoma Following Spontaneous Absorption of, (H. Gifford) 196; Secondary Following Extraction of a Dislocated (Traumatic) Lens, (W. H. Wootton) 286
CHARLES, J. W., A Positive Focal Tuberculin Reaction in a Spindle-Cell Sarcoma, which had Perforated the Sclera, 568
Choroid, Angioma of the, (Collins and Paton) 629; Conglomerate Tubercle of the, (C. W. Cutler) 300; Reports on the, 194; Subretinal Exudate Simulating Sarcoma of the Choroid with Anatomic Examination, (Arnold Knapp) 559; Tuberculosis of the, (A. E. Davis) 525
Ciliary Region, Sarcoma of the, (E. Tôrôk) 294
CLARK, C. F., Coloboma and So-

CLARK, C. F.,—*Continued*
called Congenital Dislocation of the Lens, 475
COBB, PERCY W., A Contribution to the Study of Dark-Adaptation, 492
COHEN, MARTIN, A Device for Examination of Distant Stereoscopic Vision for Form and Colors, 142, 168; Primary Intradural Tumor in the Orbital Portion of the Optic Nerve, 19
Coloboma and So-called Congenital Dislocation of the Lens, (C. F. Clark) 475
Conjugate Deviation of the Eyes with Astereognosis, (H. A. Riley) 340
Conjunctiva, Reports on the, 189, 404; Tuberculosis of the, (M. Cohen) 96
CONNELLAN, J. G., Treatment of Intestinal Infections, 350, 527
Cornea, Appearances of the, after Inflammation, (Holmes Spicer) 99; Congenital Pigmentation of the, (R. Ford) 379; Reports on the, 191, 405
Cystotome Manœuvre, Extraction of Mature and Immature Cataractous Lenses within the Capsule, (J. A. Kearney) 62

Dark-Adaptation, Study of, (P. W. Cobb) 492
DERBY, G. S., Eye Work with the British Expeditionary Forces in France, 217
DICKINSON, H., Report of the Annual Congress of the Ophthalmological Society of the United Kingdom, 516, 625
Distance, Judgment of, with Semaphores and a Screen at 100 Meters, (H. J. Howard) 461
Distance Stereoscope, (Cohen) 142, 168; James's, (H. J. Howard) 168
DOLMAN, PERE, The Maddox Rod Test, 503
DUANE, A., The Basic Principle of the Diagnosis in Motor Anomalies of the Eyes, 1
DUNN, JOHN, Note on Surgery of Meibomian Cysts, 43; The Pupil in Glaucoma, 126
DWYER, J. G., Further Reports of Focal Infections of the Eye from Intestinal Tract, 344, 527

Encephalitis Lethargica, Cases of, (H. Woods) 536
Epiphora, Radical Treatment of, (A. Wiener) 334
Excision of the Eye, Substitute Operations for, Papers on, 267; Discussion, 291
Exophthalmos, Spontaneous Pulsating, (H. H. Tyson) 523; Traumatic Pulsating, (G. H. Bell) 84
Eye, The, in Relation to General Diseases, Reports on, 177, 394
Eyeball and Lids, Epithelioma of the. Operation. No Return after Six Years, (Dunbar Roy) 563
Eyelid, Horn of the, (G. H. Bell) 523
Eyelids, Autogenous One-Piece Epithelial Grafts for Restoration of the, (E. B. Heckel) 311; Plastic Surgery of the, after War Injuries, (T. Harrison Butler) 103; Reports on the, 187, 401
Eyes, Surgery after War Injuries of the, (G. H. Grout) 227
Eyesight and Education, (James Kerr) 606

Fat Transplantation into Tenon's Capsule after Enucleation, (A. N. Alling) 263
Fat Implantations, (B. W. Key) 292
Foreign Body in Globe of Eye, (W. E. Lambert) 284
Foreign Body, Retinal Degeneration from, (A. C. Hudson) 304

Glass Ball Implantation into Tenon's Capsule, (H. J. Howard) 263
Glaucoma, Double Sclerotomy in, (G. Young) 518; Future Operation for, (Herbert) 518; Spontaneous Reduction of Tension in, (A. Knapp) 525; The Pupil in, (John Dunn) 126
Glaucoma and Intraocular Tension, Reports on, 196, 409
Glioma, Radium Treatment of, (Schoenberg) 485, 522
Gold in an Eye, (G. H. Bell) 93
GOUGELMANN, PIERRE, Substitute Operations for Enucleation, from the Standpoint of the Maker of Artificial Eyes, 268
GROUT, GERALD H., Experiences in Reparative Surgery after War Injuries of the Eyes, 227

HECKEL, EDWARD B., Autogenous One-Piece Epithelial Grafts for Restoration of the Eyelids, 311

Herpes Zoster, Retrobulbar Neuritis and Acute Glaucoma, Following, (C. A. Veasey) 364
HOLMES, CHRISTIAN R., Extirpation of Lacrimal Gland for Epiphora, 323, 374
HOWARD, HARVEY J., Implantation of a Glass Ball within Tenon's Capsule by Verhoeff's Method, 265; Judgment of Distance with Semaphores, and a Screen at 100 Meters, 462
Hyaloid Artery, Case of Persistent, (J. M. Wheeler) 87

Illuminating Device, A Simple Electrical, for Illuminating Field of Operations on Eye, Nose, and Throat, (J. A. Andrews) 65
Instruments and Remedies, Reports on, 180, 397
Interstitial Keratitis, (McDannald) 523
Intestinal Infections, Treatment of, (J. J. Connellan) 350; (Dwyer) 344, 527
Intraocular Growth, (Carruthers) 379
Intraocular Pressure and Tonometry, Experimental Studies in, (W. McLean) 23
Iridocyclitis from the Teeth, (G. H. Bell) 85
Iris, Atrophy of the (Feingold) 192; Reports on the, 192, 406
Iris and Ciliary Body, Sarcoma of the, (E. M. Alger) 372

Jaw-Winking Phenomenon, Explanation of, (Anton Lutz) 144

KEARNEY, J. A., Cystotome Manœuvre, Extraction of Mature and Immature Cataracts within the Capsule, 62
Keratitis Nodulosa, (G. H. Bell) 92
Keratitis Profunda, (or Disciformis?) (F. H. Verhoeff) 449
Keratitis Striata, (M. Cohen) 95
KEY, BEN WITT, Antidiphtheritic Serum in Severe Ocular Infections with Special Reference to Hypopyon Keratitis, 581
KNAPP, ARNOLD, Report of a Carcinoma of the Orbit, 120; Sub-Retinal Exudate Simulating Sarcoma of Choroid, with Anatomic Examination, 559; The Autotoxic Factor in Sympathetic Ophthalmia, 356

Laboratory, A Medical Research; with Special Reference to Ophthalmology, (W. B. Lancaster) 287
Lacrimal Gland, Extirpation of, for Relief of Epiphora, (C. R. Holmes) 323; Primary Nocardiasis of the, (J. B. Christopherson and R. C. Archibald) 100; Sarcoma of the, (E. M. Alger) 372
LAGRANGE, FELIX, "Atlas d' Ophtalmoscopie de Guerre" Review of, 212; "Fractures of the Orbit and Injuries of the Eyes in War," Notice of, 210
LANE, FRANCIS, Persistent Posterior Fibrovascular Sheath of the Lens. Report of Two Clinical Cases, and Three Eyeballs Examined Microscopically, 572
Lens, Persistent Posterior Fibrovascular Sheath of the; Two Clinical Cases of, and Microscopical Examination of Three Eyeballs, (Francis Lane) 572; Removal of Dislocated, by Electric Illumination, (H. S. Paine) 193; Reports on the 193, 407
Lenses, Congenital Dislocation of both, (W. E. Lambert) 84; (C. H. Schlichter) 294; (J. R. Shannon) 162; Double Dislocation of, (A. Knapp) 284
Leprosy of Brow and Cornea, Maculo-Anæsthetic, (J. E. Weeks) 527
Lids, Restoration of the, with Wolff's Graft, (R. G. Reese) 162
Literature, General Ophthalmological Reports on, 175, 391
LLOYD, RALPH I., Phantom Intraocular Tumor, Multilocular Cyst of Iris, and Ciliary Body, 489
LUTZ, ANTON, The Jaw-Winking Phenomenon and its Explanation, 144

Macula, Congenital Coloboma of the, (S. A. Agatson) 377
Maculæ, Disease of Both, (R. Batten) 379
Macular Region, Tumor of the, (A. J. Wiesner) 371
Maddox Rod, Tests with, (P. Dolman) 503
MAGATH, THOMAS BYRD, A Variation in the Distribution of the Nervous Abducens in Man, 67

Magnet Extraction, Traumatic Aniridia Following, (H. H. Tyson) 283
Malingerers, Instrument for Detection of, (Ellice M. Alger) 166
"Manual of Neuro-Surgery." Book Notice, 632
McLEAN, WILLIAM, Experimental Studies in Intraocular Pressure and Tonometry, 23
Meibomian Cysts, Note on Surgery of the, (J. Dunn), 43
Migraine, (J. Herbert Fisher) 384
Miscellaneous Notes, 530
Motor Anomalies, Basic Principle in Diagnosis of the Eye, (A. Duane) 1
Motor Apparatus of the Eye, Reports on, 185, 400
Mules, Operation, (J. E. Weeks) 291

Negroes, Eyesight of the, in Africa, (J. N. Roy) 72
Neuritis, Acute Retrobulbar, in a Baby, (T. H. Butler) 240; Case of Retrobulbar in a Child with Intestinal Stasis, (M. J. Schoenberg) 56
New York Academy of Medicine, Report of Proceedings of the Section on Ophthalmology of, 84, 162, 283, 368, 522

Observations on Eye Work with the British Expeditionary Forces in France, (G. S. Derby) 217

Report on the Teaching and Examination of Medical Students in Ophthalmology, (Council of British Ophthalmologists) 614
Ophthalmoplegia Interna, Following Pneumococcic Conjunctivitis, (S. A. Agatston) 369
Optic Atrophy and Sella Turcica Degeneration, (J. Taylor) 306
Optic Nerve, Evulsion of the, (Lister, and M. L. Hine) 630; Primary Intradural Tumor of Orbital Portion of the, (M. Cohen) 19; Reports on the, 200, 403
Orbit, Extraordinary Case of Foreign Body, in the, (E. S. Sherman) 286; Ivory Exostosis of, (Armour and Lang) 305; Pulsating Tumor of the, (R. Ford) 379; Report of Carcinoma of the, (Arnold Knapp) 120; Revolver Bullet Injury of the, with Eye Symptoms, (J. A. Spalding) 317; Tumor of the, (R. G. Reese) 169
Orbit and Accessory Cavities, Inflammatory Diseases and Injuries Affecting the, Discussion on, 384
Orbit and Brow, Report of a Case of Non-Operable Tumor of the, Successfully Treated with Radium, (G. H. Bell, and Sinclair Tousey) 531
Orbital Abscess, (J. Wolff) 370
Orbital Region, Plastic Operations on the, (Morax) 625
Orbital Tumor, (Hough, P. B.) 526; (E. S. Thomson) 373
Orbits, Accessory Sinuses, Exophthalmos, Reports on, 188, 402
Oxford Ophthalmological Congress, Reports on, 309

Panophthalmia, Experimental Production of by Infection from the Blood Stream, (P. Wegeforth) 276
Paralysis of Associated Movements from Syphilis, (M. J. Schoenberg) 86
Phantom Intraocular Tumor, Multilocular Cyst of Iris and Ciliary Body, (R. I. Lloyd) 489
Pathology and Bacteriology, Reports on, 179, 397
Pituitary Region, Tumor in the, (K. Schlivek) 289
Pituitary Struma, (H. H. Tyson) 368
Pituitary Tumors, (Cargill) 380; (R. Ford) 379; (Maxted) 381; (Ormond) 380
Poisons, Reports on, 183
POSEY, WM. CAMPBELL, Review of "Hygiene of the Eye," 207
Ptosis, Double Congenital, (A. E. Davis) 525

Radium and Flavine in Eye Diseases, (Lawson and Russ), 631

Radium Treatment, Cases of Success from, 531
Refraction and Accommodation, Reports on, 184, 399
Retina, Angioma of the, (E. Brewerton) 306; Bilateral Glioma of, Apparently Arrested in the Non-Enucleated Eye by Radium, (M. J. Schoenberg) 485; Dilatation of Vessels in the, (H. Goldsmith) 100; Quiescent Foreign Body in the, of Five Months' Standing, (Arnold Knapp) 166
Retina and Vitreous, Reports on the, 198, 412
Retinitis Pigmentosa, (Treacher Collins) 517
Retinitis Proliferans, (M. Schlivek) 86
Retinitis Punctata Albescens, (S. A. Agatston) 294
RILEY, HENRY ALSOP, Report of a Case of Conjugate Deviation of the Eyes, with Hemiastereognosis, 340, 371
ROY, DUNBAR, Two Cases of Epithelioma of the Eyeball, and Lids. Operation. No Return after Six Years, 563
ROY, J. N., The Eyesight of the Negroes of Africa, 72
Royal Society of Medicine, Reports of Transactions of the Ophthalmological Section of the, 99, 304, 378

Sarcoma, Positive Focal Tuberculin Reaction in a, which had Perforated the Sclera, (J. W. Charles) 568
SCHOENBERG, MARK J., A Case of Acute Retrobulbar Neuritis in a Child, with Intestinal Stasis (Congenital Dilatation of the Colon) 56; Case of Bilateral Glioma of Retina, Apparently Arrested in the Non-Enucleated Eye, by the Radium Treatment, 485, 522
